(PART TWO)

CONTR.

UT-846

25X1A

The services and equipment being procured by this Contract No. UT-846 are in furtherance of the Program(s), the nature of which cannot be publicly disclosed for security reasons. The Contracting Officer therefore determines that this procurement must be accomplished by negotiations pursuant to the authority of Section 3(a) of PL 81-110 and Class Determination and Finding, OXC 2122, signed by the DDCI on 15 October 1961.

Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all covert expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress (formerly 10(b) - see 85-507 dated 7/7/58) for each contract.

The following comments describe the procurement hereby effected, the terms and provisions generally of this contract/amendment, and a resume of major issues negotiated:

This Notice to Proceed was required to initiate work on the design and development of an . Representatives of the Technical Office, and the Contracts and Security Office, to lay on the initial contract and security required for the performance of this work.

Funds have been made available in the amount of in Category IID of the FY-65 ASD/OEL budget. The equipment will be used in supporting the development out equipment for the OXCART vehicle.

The Contractor's initial proposal of for this work has been reduced downward to and is still subject to negotiation by the Contracting Officer prior to the definitization of the formal contract. It is planned to include an incentive provision to induce the Contractor to improve the critical delivery date on the contract, accordingly an incentive provision based on time will probably be worked out. It is anticipated that a contract price of about including fee of will be negotiated. The Contractor's labor rates, overhead, G&A, etc. have been reviewed by audit representatives of the Agency and are the currently approved bidding rates. This Notice to Proceed obligates . The contract will be funded incrementally up to the amount of the total contract price.
